Hi Jason,

Please see attached POs.

We will arrange the shipment of the R2230 from Progressive to our plant in Champaign, IL.

Please provide confirmation once the labeling (pictogram blank sticker cover up, DOT, and inner packaging) of the R404A and R410A has been completed. Once we have confirmation of completion we will work with Progressive on moving the inventory under the ASPEN account at Progressive Logistics.

Thank you,

Good morning Hannah – Please remove the R401B30, R402A27, and R408A24. We will add the three labels (pictogram blank sticker cover up, DOT, and inner packaging) to the 404A and 410A. The R22 quantity currently is 352 cylinders, please amend your PO. Once we receive your PO for the products at Progressive we will “lock-down” the warehouse so we are not sourcing product from Progressive.

Jason,

We will send a revised PO for the product at Progressive.

I'm assuming we should include the (369) R2230 on the PO? Please confirm.

There are a few other items; R401B30, R402A27, and R408A24. I assume you are not able to re-label with Federal Law Statement so we should remove form PO. Please confirm.

Hi Star – When do you think you will have the revised proposal? Will you also be sending a PO for the products at Progressive that have passed Hudson's inspection?

Thanks,
